Diabetes Research Grant

Application Guidelines

Before completing the Application Form and the Digital Signature Page, please read this Application Guideline. Please ensure that you provide all the requested information and adhere to the word limit. Failure to comply will automatically lead to the rejection of your application.

In order to complete the application, you will need to download adobe acrobat reader which you can find here: <https://get.adobe.com/reader/>

Diabetes Research Grant

Diabetes Wellness Norge invites the submission of research projects for funding in the field of diabetes. The Foundation is actively seeking research projects in Norway which in the long term can lead to improved treatment methods and potentially a working remedy for people living with diabetes.

- Maximum award value of 200 000 NOK
- Applications can be basic or clinical research in any area of diabetes including causes, complications, treatment and prevention.
- Applications will only be considered from researchers working in Norway research institutions.

Grant Submission

- Application details are advertised on the Diabetes Wellness Norge website, combined with invitations by email to previous applicants:
<https://www.diabeteswellness.no/forskning/apply-for-a-research-grant/>
- The application form should be downloaded from the Diabetes Wellness Norge website
<https://www.diabeteswellness.no/forskning/apply-for-a-research-grant/>
- All applications should be completed in **English**.
- Please ensure all sections are completed before submission. **Do not leave any sections blank.** If necessary, indicate 'not applicable'.
- Given the value of the Diabetes Research Grant, overhead costs are not eligible and will not be considered.
- Please ensure all requested attachments are included before submission.
- All applications must be received by the advertised deadline date. Applications received after the closing date will not be accepted.
